# STAKEHOLDERS APPEAL 2019

*Make more  
than a Donation...  
Make an INVESTMENT!*

Dr. Martin E.  
**HAWKINS**  
*President*

Greetings in the name of our Christ.

Friends, we are excited about the new level and opportunities the Lord has brought Southern Bible Institute & College into. Achieving candidacy status has positioned us to have an even greater impact not only as a college, but on the church and the community.

We are so appreciative of past and present support, but we've reached a plateau where we want to challenge our supporters to become more than donors, but rather to be investors in the great work at Southern Bible. As you review this information, please prayerfully consider how you can become a stronger stakeholder and vital partner in this kingdom work.

Servant of Christ,

The Association for  
**Biblical Higher Education**  
Commission on Accreditation

# *Invest in* **Accreditation**

### **INVESTMENT VALUE:**

An accredited institution of higher education holds high value in having demonstrated that their administration, faculty, academics, finances, and the institution as a whole, have met and/or exceeding the standards of quality education. Through faithful investments in Southern Bible, our college has reached the status of “Candidate” (pre-accreditation) through the process of peer-review evaluations. The next stage is Initial (Full) Accreditation.

### **RETURN ON INVESTMENT:**

At this candidacy stage, reputable accredited institutions—such as Dallas Theological Seminary—are recognizing the quality of an SBIC degree and are affording its graduates the benefits of it. Additionally, SBIC is now eligible to receive Federal (Title IV) funding once the application process is complete.

## DALLAS THEOLOGICAL SEMINARY

September 30, 2019

Dr. Joel Wilson  
Accreditation Liaison, Southern Bible Institute and College  
7200 S Hampton Rd  
Dallas, TX 75232

Dear Dr. Wilson,

This correspondence is to formally confirm that Dallas Theological Seminary (DTS) will consider students who have earned a bachelor's degree from Southern Bible Institute and College (SBIC) for admission to DTS graduate programs without the GRE requirement usually needed for students with degrees from unaccredited institutions. In addition, SBIC graduates will be eligible to apply for DTS's Advanced Standing programs which can reduce their master's programs by up to 25%. This determination has been made after a thorough review of the course syllabi and the bachelor's degree requirements.

Any changes to SBIC's bachelor's degree will require a reevaluation. DTS reserves the right to terminate this agreement at any time if circumstances warrant. We also look forward to your full accreditation through the Association for Biblical Higher Education (ABHE), which will make this agreement no longer necessary.

DTS and SBIC have a long and rich heritage together. May our shared educational pursuits under the banner of Jesus Christ honor him and strengthen the church.

# *Invest in* **College Education**

## **INVESTMENT VALUE:**

A sound and affordable college education should be within the reach of all who desires one—including those who value a biblical higher education. SBIC Scholarship & Endowment funds make this value possible for current and future students. The *Daniel Scholars* program, for example, provides younger students (18 to 25; male and female) a stronger foundation for their college career through special mentoring & work experience during their first 63 credit hours .

## **RETURN ON INVESTMENT:**

Your investment in SBIC will help maintain tuition affordability thus resulting in more Christian leaders with college level-education with a biblical worldview. The return on this investment will also result in a larger group of young believers continuing their post-secondary education (having transferable credit course work and/or degree and a sound biblical foundation) while engaged and competently serving in their church, community, and career.

# *Invest in* **Church Advancement**

## **INVESTMENT VALUE:**

Southern Bible continues to be of great value to the Christian church in providing competent servant leaders at every level of ministry including: Pastoral Ministry Leadership, Bible Exposition, Biblical Counseling, Worship Ministry Leadership, Women's Ministry Leadership, Digital Ministry and Community Engagement. Value is added even further as we expand programs which will focus specifically on Church Planting & Revitalization and localized Deacons & Elders training.

## **RETURN ON INVESTMENT:**

An investment in Southern Bible provides dividends in the way of better equipped leadership for the local church—which in return produces more effective ministry and stronger disciples of Jesus Christ. Additionally, church leaders will have earned college credits for simply growing in their calling and being sharpened in their kingdom work.

# *Invest in* **Community Betterment**

## **INVESTMENT VALUE:**

Southern Bible Institute & College not only has a high valuation for developing strong church leadership, but also in equipping servant leaders to be agents of change for communities. The development of our *Centre for Servant Leadership* gives students co-curricular and hands-on field education and practical experience in serving local communities.

## **RETURN ON INVESTMENT:**

Investing in SBIC will allow qualified persons from community organizations—such as the *Union Gospel Mission*—to be trained to serve as chaplains and ‘field ministers’ to the homeless population. Financial support for this value will also allow students in the *Community Engagement* program to “exegete communities” thereby connecting resources (physical & spiritual) that meet the unique needs of the neighborhood.

## *Invested Alumni*

### **INVESTMENT VALUE:**

There is always added value when alumni are supportive and engaged, especially in institutions with a history as long as Southern Bible's. Our alumni are a steady example of the far reaching and deep impact that a SBIC education has on church and community service, as well as continuing educational pursuits. Additionally, the alumni as a group is a great way to pool financial resources and support efforts that provide a strong revenue source for the institution.

### **RETURN ON INVESTMENT:**

Alumni—who continue to be engaged in SBIC—gain a special influence on the college's culture and community, along with close contact and unique access to opportunities and benefits afforded especially to alumni. This group is also well positioned to provide a type of guardianship of the legacy and cultural pride of Southern Bible.

# *Invest in* **Campus Improvement**

## **INVESTMENT VALUE:**

The aesthetic of any campus weighs heavily on the impressions made about the college as a whole. A beautified campus and well functioning facilities heightens the intrinsic value of the education provided. Modern equipment and technology for teaching and operations increases the efficiency and quality of the classroom experience and the college overall.

## **RETURN ON INVESTMENT:**

The result of investments in campus upkeep and improvement, is an attractive and comfortable learning environment for both students and the community. There is also the advantage of SBIC being in-step with other 21st century higher education campuses giving our students, faculty, and community a sense of pride and confidence that the quality of the college is not only evident in the curriculum but in the campus as well.

ABSOLUTELY!

Here's the plan...

# 3 Year Funding Plan

## *from Candidacy to Initial Accreditation*

90

In February of 2019, Southern Bible Institute & College was granted Candidacy Status (pre-accreditation) by the Association of Biblical Higher Education (ABHE) and is now preparing for Initial Accreditation consideration as early as 2023. This plan reflects this important pivot and demonstrates SBIC's ability to operate at a new level.

The *Bridge Funding* ensures 3 years of stability and allows the institution to focus on growth rather than survival. *Traditional Income Streams* are normative institutional revenue sources which will be cultivated during this transitional period. The *3 Year Capital Goals* indicate areas where accumulated funding will be allocated to provide a solid funding base into and beyond initial accreditation.
